

New 973 MTRJ Field

Ethernet Connection System For Harsh Environment

- The MTRJ Field offers an easy system to upgrade from a standard to an environmental MTRJ.
- Sealed against fluids and dust (IP67),
- Shock, Vibration proof,
- No cabling operation in field and no tools required for installation,
- Mechanical Coding / Polarization (4 positions).

- With the patented RJStop® system you can use a **standard MTRJ cordset** in a protective metallic plug which will protect it from shocks, dust and fluids.

No hazardous in-field cabling !

This metallic plug is connected into a receptacle, using a Tri Start Thread coupling mechanism (MIL-DTL-38999 series III type) with an anti-decoupling device for high vibrations.

*Transform
your MTRJ patchcord
into an Environmental
Connector*

Applications

Data acquisition and
transmission in Harsh
Environment

- Railways
- Radars
- Shelters
- Battlefield
Communication systems
- Navy
